## EDUCATION

**Bachelors (Hons)**  
**Agricultural Economics**  
**March 2014 – July 2019**  
Second Class Upper  
Obafemi Awolowo  
University (OAU), Ile-Ife.

## SUMMARY

Meticulous self-taught front-end developer with a focus on building scalable and responsive interfaces for functional web applications. Excellent team player with a passion for developing quality edge-cutting solutions.

## EXPERIENCE

**Frontend Engineer**

**HighTable Inc.**

May 2023 – Present

*HighTable Inc is an early-stage VC-backed hospitality-tech startup headquartered in the United States of America with a bold mission to transform the African hospitality industry.*

- Worked closely with cross-functional teams to integrate frontend components with server-side logic and APIs, ensuring a smooth operation of the platform.
- Utilized React (Next.js), Apollo Client, Tailwind CSS, and other technologies to develop a consistent and engaging user interface.
- Implemented various code optimizations and lazy loading techniques, leading to a 30% improvement in page load times and an enhanced user experience.

**Frontend Engineer**

**DataVault Nigeria**

Mar. 2023 - Present

*DataVault, a tech-driven startup that focuses on bridging the global gap by facilitating the connection between African research, data, and researchers.*

- Collaborated with cross-functional teams to integrate frontend components with server-side logic and APIs, ensuring seamless operation.
- Utilized React (Next.js), React Query, Tailwind CSS, and other libraries to translate design mockups into high-quality code, delivering a consistent and engaging user interface.
- Implemented code optimizations and lazy loading techniques, resulting in a remarkable 30% improvement in page load times and enhanced user experience.

## TECH STACK

HTML/CSS  
JavaScript  
React (Next.JS)  
TypeScript  
React Query  
Apollo Client  
Redux  
React Hook Form  
Git  
Bootstrap  
Tailwind CSS  
Chakra UI  
Material UI  
SASS  
Jira

- Team player.
- Good communication skills.
- Knowledge sharing and mentoring.
- Experienced trainer and facilitator.
- Near native command of English.

## INTERESTS

- Hiking
- Swimming

## REFERENCES

Available on request

## Frontend Engineer

### Freelance

Nov. 2022 to Mar. 2023

- Collaborated with cross-functional teams to develop and implement scalable, user-friendly, and visually appealing frontend solutions for various platforms.
- Translated design mockups into high-quality code, ensuring a seamless user experience.
- Integrated frontend components with server-side logic and APIs, working closely with backend engineers.

## Implementation Specialist

### Sendme.ng

Jun. 2022 to May 2023

*Sendme.ng (YC W22) is a startup backed by Y Combinators and Voltron Capital, aiming to decentralize animal protein distribution from production to consumers using artificial intelligence and data analytics.*

- Collaborated with clients to understand their needs and implemented software systems using AI and data analytics to decentralize animal protein distribution.
- Managed inventory on the software systems, increasing customer satisfaction by 70%.
- Conducted software testing, debugging, and provided support for both mobile and web apps.

## CERTIFICATIONS

- AWS Technical Essentials
- AWS Cloud Practitioner Essentials
- Learning Jira Software- LinkedIn.
- Managing Jira Projects – LinkedIn.
- Git – LinkedIn.
- Project Management - UNIFECs, OAU
- Human Resource Management - UNIFECs, OAU.
